

Read A Book

(Mary Potter)

(Chorus)

Read a book with your mum and dad
Read a book is it happy or sad?
Read a book share it with a friend
Read a book from beginning to end

You can curl up on the sofa with a book or two
Maybe one that mum read when she was young like you
You may find a friend to play with *Elmer's there inside
Have a great adventure with horses and dragons to ride

(Chorus)

Read a book with your mum and dad
Read a book is it happy or sad?
Read a book share it with a friend
Read a book from beginning to end

It may take you up a mountain, fly you like a bird
Show you something marvellous or strange or just absurd
It may glide you through the universe make you quiver and quake
Slide you to the Arctic where you will shiver and shake

(Chorus)

Read a book with your mum and dad
Read a book is it happy or sad?
Read a book share it with a friend
Read a book from beginning to end

When you find you're in a muddle, don't know what to do
Books can solve your problems, show you a way through
And the Bible's** full of wisdom, some you need to know
Read the stories written two thousand years ago

* substitute a favourite character from a book

** name a book of wisdom of your choice
