

Shepherds, Humble and Poor

(Mary Potter)

Were those angels shining?
Were those angels flying?
The sky was full of brilliant light
Hearts were thumping full of fright
God has sent a message for us
Shepherds humble and poor

You stay and guard the sheep
Mind you don't fall asleep
We must hurry to Bethlehem
We will take him a little lamb
We only wish we could take him more
But we're shepherds humble and poor

We're on the road to Bethlehem
We'll hurry all the way
We're looking for a manger
And a baby born today

We're on the road to Bethlehem
We'll hurry all the way
We're looking for a manger
And a baby born today

Shepherds hurry on your king is born today
Shepherds hurry on your king is born today
Your king is born today
Your king is born today

Look at the baby sleeping
Are we awake or dreaming
Don't make a sound we'll creep away
The Prince of Peace is born today
He'll be our King for evermore
He's our shepherd humble and poor
