

# Whistle a Tune as You Go Along

(Mary Potter)

(Chorus)

There's always too much work to do  
But we've a way of sailing through  
Working hard all day long  
Make it easy with a song, a song  
Whistle a tune as you go along (whistle)

(Women sing)

Up at dawn and kneading dough  
Bread to make and clothes to sew  
Sweeping, cooking, legs like lead  
Work all day and late to bed

(Shepherds sing)

Go to bed? Well, lucky you  
We keep watch at night-time too  
Looking after all our sheep  
Never get a chance to sleep

(Men sing)

Call to working? Look at me  
Chopping down this massive tree  
Back is breaking, out of puff  
Your life's easy, my life's tough

(Peacemakers sing)

Keep the peace, you all work hard  
In the forest, in the yard  
In the house and on the hill  
Just keep smiling if you will

(Chorus)

There's always too much work to do  
But we've a way of sailing through  
Working hard all day long  
Make it easy with a song, a song  
Whistle a tune as you go along (whistle)
