do. Learn how to swim or go for a run, Find a new friend and you'll have lots of fun,

C7 F Bb Gm C7

68

Plant a few seeds_ and they will soon grow_ You'll have a gar - den, Come on, come on,

F Bb Gm Bb/C

72

come on, come on, Come on, and give it a go, give it a go, give it a go!

C7 F

Come on, give it a go!

Try trampolining, fall on your face,
Look at the stars and zoom out into space,
Get off the couch and put on a show,
Sing out of tune but come on, give it a go!

What shall we do? What shall we do?
There are a hundred million things you can do.

Try making models, they'll fall apart,
That doesn't matter, you have made a start,
Learn how to dance and go to a disco,
Just feel the rhythm, come on, come on,
Come on, give it a go!

You won't find that it's always easy,
You won't find you can do it in a day,
You'll have failures as well as successes,
But if you try, you will find a way, find a way, find a way:

Go to the library, pick up a book,
Find a new recipe, learn how to bake and cook,
Visit your family, uncles and aunts,
Play with your cousins, come on and give them a chance.

There's more to do, there's more to do,
We'll find a zillion trillion things you can do.

Learn how to swim or go for a run,
Find a new friend and you'll have lots of fun,
Plant a few seeds and they'll soon grow,
You'll have a garden, Come on and give it a go,
Give it a go, give it a go!
